**CONTRACT FACULTY RESEARCH GRANTS FUND (CUPE 3903)**  
**GUIDELINES**

The Contract Faculty Research Fund was established to encourage individual research and study and to defray research costs incurred by members of the CUPE 3903 bargaining unit in accordance with Article 15.15 of the CUPE 3903 Collective Agreement.

The Research Grants shall be used to support:

Category 1: Release Time/Full Course Directorship Grants. The number of such grants will be up to 5 awards per year having one competition deadline on March 1. Should a "Cap Exempt" Employee receive a Release Time/Full Course Directorship grant, s/he shall abide by the cap on positions as set forth in Article 12.03.1(v) during the academic year in which the grant is held.

Category 2: Major Research Grants up to a maximum of \$8,000, the number of such grants to be determined by the Labour/Management Committee established per Article 5 of the CUPE 3903 Agreement having two competition deadlines of March 1 and October 1.

Grants are awarded through competition based on the academic merit of the proposal as assessed by a selection committee consisting of two members of the bargaining unit to be selected by CUPE 3903, the Chair of the Senate Committee on Research (or designate), and the Associate Vice-President (Research) or designate.

- 
1. The Research Grants are available to UNIT II members only. Applicants applying for either of the two major research grant categories must hold or have held a position other than a Tutor 3 (Marker/Grader) position in the bargaining unit within ten months preceding the application deadline and must have held or accrued applicable prior experience for at least the equivalent experience of one Type 1 in each of the two twelve month periods ending August 31 preceding the application deadline.
  2. Normally, **ONLY ONE GRANT** of either of the above categories may be awarded to an applicant each fiscal year.
  3. Applications must be accompanied by a completed Chair Endorsement form from the applicant's Chair, Programme Director or Dean.
  4. The application for research funds should include full details of the work to be undertaken and the associated costs including out of town accommodations, if applicable, which will be covered by the grant. A current CURRICULUM VITAE should be provided. When applying for grants over \$3,000, the attached letters of appraisal should be sent to the referees listed on page 5 along with a copy of the research proposal. These letters should be sent by the referee directly to Faculty Relations, C12 East Office Building. Where the application involves research that is partially funded from other sources, the applicant must show details of other funding.
  5. Applications to develop courses or curriculum for York University programs will not be considered. Funding for such projects will be available from the Teaching Development Fund as per Article 15.16 of the Collective Agreement, and a separate application may be made to that fund. Costs towards the publication of books are not eligible.

6. An individual awarded any research grant exceeding \$3,000 may apply to receive the grant as a combination stipend/research grant award. In the case of a Release Time/Full Course Directorship award (Category 1), the total amount or a portion of the award may be paid as a stipend providing the request is justified. In the case of Major Research award (Category 2) exceeding \$3,000, a maximum of \$2,500 is allowed to be paid as a stipend providing the request is justified. The remainder of the award must be used for direct research costs. If an applicant chooses to apply for all or part of research grant as a stipend, s/he must clearly demonstrate how that stipend is related to the conduct of the research. For example, as a result of the stipend, the individual will be able to spend time on research that would not otherwise be available.
7. If an award is paid as a stipend, it is expected that the recipient will not accept employment outside of the University during the research period.
8. Recipients of a Release Time/Full Course Directorship grant (Category 1) will also accrue prior experience equivalent to one Type 1 position. Recipients of Major Research Grants (Category 2) do not accrue prior experience.
9. Where a proposal requests money to purchase equipment, such equipment is considered to be the property of the University and must be returned to the University upon completion of the research period. If the applicant requires use of the equipment beyond the date set for its return, normally this will be permitted provided that s/he formally requests an extension from the Committee.
10. A brief report on the use of the grant must be submitted to Faculty Relations not later than one year after the termination of the award.
11. Please complete the attached record of your teaching at York (or you may submit a copy of a blanket application) for each of the 12 month periods ending August 31<sup>st</sup> preceding the application deadline.
12. Where a proposal involves the use of human participants, approval by the Human Participants Review Committee is required. Copies of the Human Participants Questionnaire are available from Faculty Relations.

Please submit **one original plus four (4)** copies of your application and supporting documents to:

Contract Faculty Research Grants  
Funding Committee  
c/o Faculty Relations  
C12 East Office Building

Deadline dates for application of Research Grants are as follows:
